The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine. They are the only machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.

THE VICTOR SORGO MILL.
Over Five thousand of these Mills have been made and sold in the last three years. The best recommendations can be given.
Also—COOK'S EVAPORATOR, for making Sugar and Molasses, said to be the best in use.
CORN CRUSHERS,
Three different sizes for grinding Corn in the ear, or shelled—or any other kind of grain. This is a machine that every farmer should have, as a bushel of ground feed is equal to a bushel and a half unground. The high price of feed of all kinds makes an imperative demand for some kind of machinery by which to save. It is a rapid grinder and durable.
BELLS FOR CHURCHES,
SCHOOLS, FARM HOUSES, FOUNDRIES, &c. Made of the best steel composition. Church Bells insured for one year.
WILLOUGHBY'S GUM SPRING DRILL,
WITH CROWELL'S GUANO ATTACHMENT. This is considered one of the best Drills now in use. It will distribute any kind of grain evenly, and sow from one bushel up to three to the acre. The Guano Attachment has given entire satisfaction wherever used. It is so constructed as not to clog in sowing any kind of Phosphates or Bone Meal. Having sold a number of these machines last season, I can fully recommend them to be what they are represented. Persons wishing to buy should make application early as the supply is small and the demand great.
F. F. SMITH'S CAST STEEL PLOUGHS.
First, It is the only Plough yet produced that will invariably scour in any soil.
Second, It is now an established fact, that it will last from three to six times longer than any other steel plough in use.
Third, It draws lighter than any other Plough, cutting the same width and depth of furrow.
The different parts of the Plough are cast in moulds, into the exact shape desired for the mould-boards, shares and land-sides, giving the parts most exposed to wear any desired thickness. The shares can be sharpened by any blacksmith. The steel is perfectly malleable and works kindly. Edge tools have been made out of pieces of the plough by blacksmiths all over the country.

DEMAND J. W. BRADLEY'S CELEBRATED PATENT DUPLEX ELLIPTIC (OR DOUBLE SPRING)
SKIRT.
THE WONDERFUL FLEXIBILITY and great COMFORT and PLEASURE to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.
A lady having enjoyed the PLEASURE, COMFORT, and great CONVENIENCE of wearing the DUPLEX ELLIPTIC STEEL SPRING SKIRT for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.
They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered, preventing them from wearing out when dragging down steps, stairs, &c.
The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT OF THE FASHIONABLE WORLD.
To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape, finish, flexibility, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.
CAUTION.—To guard against IMPOSITION be particular to NOTICE the skirts offered as "DUPLEX" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.

Selected Poetry.

THE FARMER'S FIRESIDE.

Around the fire, one wintry night,
The farmer's rosy children sat;
The fagot lent its blazing light,
And mirth went round, and harmless chat.

When, hark! a gentle hand they hear
Low tapping at the bolted door,
And thus, to gain their willing ear,
A feeble voice was heard implore:

"Cold blows the blast across the moor,
The sleet drives hissing in the wind;
Yon tollsome mountain lies before,
A dreary, treeless waste behind.

"My eyes are weak and dim with age;
No road, no path, can I descry;
And these poor rags ill stand the rage
Of such a keen, inclement sky.

"So faint I am, these tottering feet
No more my palsied frame can bear;
My freezing heart forgets to beat,
And drifting snows my tomb prepare.

"Open your hospitable door,
And shield me from the biting blasts;
Cold, cold it blows across the moor,
The weary moor that I have passed."

With hasty steps the farmer ran,
And close beside the fire they place
The poor, half frozen beggar man,
With shaking limbs, and pale blue face.

The little children flocking came,
And chafed his frozen limbs in theirs;
And busily the good old dame
A comfortable meal prepares.

Their kindness cheered his drooping soul,
And slowly down his wrinkled cheek
The big round tear was seen to roll,
And told the thanks he could not speak.

The children then began to sigh,
And all their merry chat was o'er;
And yet they felt, they knew not why,
More glad than they had felt before.

Agricultural & Domestic.

PRUNING WHEN TRANSPLANTING.

We consider it important to shorten back all fruit trees, shrubs and vines, when transplanting. It lessons, by reducing the number of buds, the demand for supply on the roots as soon as that laid up in the bud is exhausted, and it gives increased vitality and vigor to the remaining buds, by giving to them the supply that would have been devoted to those removed, had they been left to remain. There is, however, room for study in the practice of heading-in, because of the vigor of growth and power of producing strong, new shoots being much greater in some sorts than others. The peach, for instance, may be cut back to within two feet of the crown, leaving *not a limb or twig, and yet the tree in* the ensuing fall will be found, under good cultivation, to have made four or five strong shoots, each as many feet long, and with abundant lateral branches. Pursue the same course with the apple, and nine times out of ten the result will be only a few feeble shoots of four to six inches, with a dead tree the following spring. The pear, when worked on the quince, will bear much more severe pruning back than when on the pear stock; and further, some varieties will endure more severe pruning than others. The grape, when cut back to two or three buds, grows vigorously; but if left unpruned, it struggles a year or two, produces a few imperfect bunches, and is dead. These are some of the many variations that an observing horticulturist will notice on short practice, and which will soon cause him to feel confidence in transplanting trees at any age, provided he be allowed to prune them back according to their age and habits.—*Horticulturist.*

THE PRESERVATION OF FRUIT TREES. —The Farmers' Club of the American Institute, of New York, recently held a meeting, at which a discussion took place on the best method of destroying curculio on fruit trees. One of the members stated that if a hole was bored in the body of a tree and filled with sulphur, it would so infect the tree that no insect or worm would live upon it. Upon some doubt being expressed as to its efficacy, he said that he had tried the remedy and spoke from experience. The chairman remarked that, if this be a sure preventive, it was worth millions to the country, and we need never lack a supply of fruit in the future.

BOTTS IN HORSES.—"I give you herewith a recipe for the botts in horses: To tell whether it is an attack of colic or botts, take some fine salt and blow a mouthful into each nostril; if it is colic, water will begin in a few moments to drop from the nostrils; if not, it is the botts. In the latter case drench with a pint of melted hog's lard, and in a few hours repeat the dose."

CULTIVATION OF CORN.—When the corn comes up, harrow; when large enough to plow, plow deeply and constantly, causing the roots to strike down until the time of shooting; then the cultivator must be used both ways. By the former deep plowing, the ground is left loose for the roots to strike out when the stalk requires the greatest nourishment. To make the longest and best filled ears, is what the farmers are seeking for.

TOMATOES should be set out on the lightest and warmest soil. Water them thoroughly a few hours before transplanting, if necessary, and remove each plant carefully by itself, with a ball of earth round the roots. In this way they will receive no check. A light, rather poor soil, produces the earliest fruit, but a moderately rich soil the greatest crop. Trained on a frame, they look neater, but we are not sure that they are much earlier or more productive than when allowed to trail on the ground.

LIMA BEANS.—Let the soil be light, warm, and rich. Make the hills about four feet apart. Stick poles about ten feet long in the hills before planting the seed, so as to avoid disturbing the plants. Bury four or six beans about an inch deep around each pole, and if they miss on account of cold weather, or for any other reason, plant again. Three plants to each hill will be enough. We have found unleached wood-ashes, incorporated with the soil, especially beneficial for beans.

HOW TO FRESHEN SALT FISH.—Many persons who are in the habit of freshening mackerel or other salt fish, never dream that there is a right and a wrong way to do it. Any one who has seen the process of evaporation going on in the salt works, knows that salt falls to the bottom. Just so it is in the pan where your mackerel or white fish lies soaking; and as it lies with the skin and side down, the salt will fall to the skin, and remain there, when if placed with the flesh side down, the salt falls to the bottom of the pan, and the fish comes out freshened as it should; in the other case it is nearly as salt as when put in. If you do not believe this, test the matter for yourselves.

TO FRY PORK.—If salt, cut up in thin slices, and soak in cold water over night; roll in flour and fry slowly until the flour is slightly brown, but not the pork.

MINE PIPE AND CUP.

Ven clouds are plack above,
Und mud is plack below,
'Tis den that I do love
A cloud of shmoke to blow;
I takes my meerschaum down,
I takes mine lager up,
And cares not who do frown,
Upon mine pipe and cup!
Mine frow, she scolds a bit
When my old pipe is seen,
Because sometimes I spit
Upon her floor so clean.
But dat is like de rain,
It doesn't last alvay:
She soon gets pleased again,
Und so I schmokes away.

GRAY MARE THE BETTER HORSE.

The application of this proverb is well known, but not so well the story upon which it is founded. A gentleman, who had seen the world, one day gave his eldest son a span of horses, a chariot, and a basket of eggs. "Do you," said he to the boy, "travel upon the high road until you come to the first house in which is a married couple. If you find that the husband is the master there, give him one of the horses. If, on the contrary, the wife is the ruler, give her an egg. Return at once if you part with a horse, but do not come back so long as you keep both horses and there is an egg remaining."
Away went the boy full of his mission, and just beyond the borders of his father's estate, lo! a modest cottage. He alighted from his chariot and knocked at the door. The good wife opened it for him and courtesied.
"Is your husband at home?"
"No;" but she would call him from the hay-field.
In he came wiping his brows. The young man told them his errand.
"Why," says the wife, bridling and rolling the corner of her apron, "I always do as John wants me to do; he is my master; ain't you, John?"
"Then," said the boy, "I am to give you a horse; which will you take?"
"I think," said John, "as how that bay gelding seems to be the one as would suit me the best?"
"If we have a choice, husband," said the wife, "I think the gray mare will suit us best?"
"No," replied John, "the bay for me; he is the most square in front, and his legs are better."
"Now," said the wife, "I don't think so; the gray mare is the better horse, and I shall never be contented unless I get that one."
"Well," said John, "if your mind is set on it, I'll give up; we'll take the gray mare."
"Thank you," said the boy; "allow me to give you an egg from this basket; it is a nice fresh one, and you can boil it hard or soft, as your wife will allow."
The rest of the story you may imagine; the young man came home with both horses, but not an egg remained in the basket.

☞ A clear case of "domestic infelicity" was witnessed a few days ago in a passenger car in which a friend of ours was traveling. The wife and two children occupied one seat, while the husband sat directly opposite, across the passage-way. Little "Johnny" was very observant and talkative, and made many remarks in a very loud tone of voice. The father finally grew impatient, and requested Johnny to "make less noise;" whereupon the partner of his "jaws" turned upon him the conquering glance of her flashing eye, and exclaimed: "Now, you just shut up your mouth—you're *played out.*" The meek husband subsided, and the passengers tittered.

☞ A short time ago I employed a "son of Erin" who was "just over," and who boasted of his experience in all kinds of farm work. One day I directed Mike to take the cart and oxen and remove a pile of rubbish. Happening near the place where it was to be deposited, as Mike drove up with his load I discovered that he was in a state of great perplexity, evidently ignorant of the process of dumping. After studying some minutes, a bright idea seemed to strike him.—Seizing his whip, and taking his stand, in front of and facing the oxen, he roared out, throwing up both arms at the same time, "Rare up noo, ye bastes! rare up, will yez?"

☞ A rural pastor prayed fervently for rain during a severe drought, which began to fall in torrents just as his sermon closed, when two farmers, walking home together, were getting awfully wet, and one remarked to the other: "The parson does pray with a good unction." "Yes," replied the other, "but he lacks judgment."

☞ The office of Justice of the Peace in Petroleum Centre, must be profitable if we may judge by the number of cases tried before that tribunal. The Era says, "Over five hundred and fifty cases have been tried before Esquire Donaghy, since the 26th of September last—an average of a little over four cases per day. It is with some difficulty that the constable and deputy manage to do the outside work."

☞ At a Portland, Maine, theatre, a few days ago, the Star Spangled Banner was hissed—on account of the bad music, no doubt, but, notwithstanding, had this happened in a Southern city there would have been a Rump committee after the facts in a jiffy. Two hundred pages of evidence would scarcely suffice to set the matter in a proper light before the country.

FUNNY.—Abolition newspapers palavering the "boys in blue," while an Abolition Senate refuses to ratify their appointment of those same "boys" to office by the President.

A NEW LAW FOR TAVERNS.

The following bill, regulating the granting of licenses, has passed both houses of the Legislature finally, and, as there is no doubt about its being signed by Governor Geary, it will become the law under which future licenses will have to be granted:

A further Supplement to an Act further to regulate the granting of licences to hotels and eating houses, approved March 31st, 1858.

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and is hereby enacted by the authority of the same, That when an application is made to any court of Quarter Sessions of this Commonwealth for license to sell intoxicating drinks it shall be lawful for said court to hear petitions in addition to that of the applicant in favor of and remonstrances against the application for such license, and in all cases to refuse the same whenever in the opinion of said court, having due regard to the number and character of the petitioners for and against such application, such license is not necessary for the accommodation of the public and entertainment of strangers and travelers, and upon sufficient cause being shown the said courts shall have power to revoke any license granted by them, and all laws inconsistent with this section are hereby repealed: *Provided*, That the sureties in the bond required of the applicant for license shall be signed to his petition.

SECTION 2. That applications for license to keep an eating house, beer house or restaurant, authorizing the sale of domestic wines, malt and brewed liquors, *shall hereafter be made in the same manner* and to the same authority as application for license to keep a hotel: *Provided*, That the regulation in relation to bed-rooms and beds shall not apply to applicants for an eating house, beer house and restaurant license, and the tenth section of the act of 20th of April, 1858, authorizing county treasurers to grant an eating house or retail brewery license, *is hereby repealed.*

SECTION 3. No license to keep an eating house, beer house or restaurant, under the provisions of the second section of this act, shall be granted in any incorporated city for a less sum than fifty dollars, nor elsewhere for a less sum than twenty dollars.

SECTION 4. If any person, after the passage of this act, shall sell spirituous and vinous liquors, domestic wines, malt or brewed liquors, without having obtained a license authorizing him so to do, such person shall, on conviction in the court of quarter sessions, be fined for the first offence in any sum not less than fifty nor more than two hundred dollars; and for the second or any subsequent offence such person shall be fined not less than one hundred dollars, and in the discretion of the said court be imprisoned in the county jail not less than thirty days nor more than ninety days: *Provided*, That nothing in this act shall be construed to repeal the provisions of the act of Assembly passed March thirty-first, one thousand eight hundred and fifty-six, relating to sales by druggists and apothecaries.

SECTION 5. That the provisions of the first section of this act shall not apply to the city of Philadelphia or to the county of Allegheny, nor shall this act apply to any county, township or borough where the courts have been prohibited by law from granting such license, nor to any locality where the sale of brewed, malt, spirituous and vinous liquors is restricted to hotel keepers. Provided further, that nothing in this act shall authorize the granting of licenses to hotel and inn keepers to vend vinous, spirituous and malt liquors, and to license beer houses, eating houses and restaurants in any locality where licensing of hotels, inns, beer houses, eating houses and restaurants is now prohibited by law.

WHO ARE WORTHY?

The spirit and policy of the ruling party in Congress were significantly displayed in the rejection

The Compiler.

GETTYSBURG, PA.

Monday Morning, April 1, 1867.

Adjournment of Congress.—On Friday both Houses passed a resolution to adjourn on Saturday at noon, until the first Wednesday in July, when, unless a quorum of each house shall be present, they shall adjourn until December.

☞ Military despotism is now made complete over ten States of the Union, and the first step towards establishing the same absolute despotism over the Northern States has already been taken. Senator Wilson, of Massachusetts, on Saturday week, introduced a bill in the Senate to *force*, by fines and penalties, *negro suffrage* on all the States of the Union.

We predicted this, on the stump and in our paper, last fall. McConaughy and other demagogues like him denied such purpose for their party. Who told *the truth?*

☞ The Rump Senate voted 2,500 stand of Government arms to old Brownlow, miscalled Governor of Tennessee, to enable him to re-elect himself at the coming election, by overawing the people with a negro State guard which he is forming. The Rump House, thinking that that would not be enough, increased the number to 10,0000 stand. This is the Radical way of guaranteeing a "republican form of government" to a State. It is the way Louis Napoleon maintains a republic (!) in France.

☞ We learn from the Bottsville *Standard* of Saturday week, that some half a dozen crazy fanatics of that Borough tried to get up a meeting favorable to the Impeachment of the President. It turned out very much like the attempt made in Congress, a contemptible fizzle. It is well enough for them to blurt out what is in them, or they might suffer internally. President Johnson will not be impeached.

☞ The United States Senate is engaged in the laudable business of rejecting the President's appointments in order to force him to appoint Radicals to office. We trust the President will not yield an inch to the dictation of the Senate. Let him appoint none but his friends to office, selecting good and honest men, and if the Senate chooses to derange the business affairs of the country by a wholesale rejection, let them do it and shoulder the responsibility.

☞ The recklessness of the present Legislature is bring its legitimate fruits in propositions from Republican sources to disintegrate the Republican party. The Pittsburg *Gazette* (Republican) proposes a mixed ticket of Democrats and Republicans to represent Allegheny in the next Legislature, and declares that the Legislature has lost the Republican party its prestige and power.

☞ The Radicals in the Legislature propose to make the pay of members FIFTEEN HUNDRED DOLLARS per session! Thus the money goes under Radical rule. The PEOPLE will yet get tired of keeping the negro party in the ascendant—especially as that ascendency threatens to bring with it increasing burdens and taxes upon the shoulders of the whites.

☞ During the discussion of a new-fangled registry law, in the Senate, the other day, the following little "passage at words" took place;

Mr. McConaughy, replying to Mr. McCandless, said that if there was any district in the State which ran riot in corruption and fraud at elections, it was the navy yard district, to which the gentleman belonged.

Mr. McCandless, replying to Mr. McConaughy, said he had been too modest heretofore to refer to the frauds in his opponent's district, viz: *the famous returns from the army*, by which the Senator held his Senatorship.

A center shot!

☞ The Legislature has passed a bill to incorporate the National Homestead at Gettysburg, for the support and education of children of deceased soldiers and sailors. *McConaughy has his own* name in the bill as one of the corporators!

A bill has passed both Houses to incorporate the Adams County Soldiers' Monumental Association. This bill takes the movement out of the hands of the surviving soldiers of the county, where it was placed by a meeting of THE PEOPLE, and vests it in a board selected by McConaughy! He has his own name in the new board, of course.

On Tuesday, McConaughy read in place an act incorporating the Battle Hotel Company of Gettysburg. He has, no doubt, his name in that, too.

All this may not look exactly modest on the part of the "bogus," but his vanity, inexorable, demands it. He *must* prefer himself—when nobody else will!

☞ There is a proposition before the Legislature to apportion $300,000 of State tax among the several counties. We all along supposed that the repeal of the tax on real estate was a mere Radical gull-trap, and this proves it. When will the people open their eyes to the full extent of Radical humbuggery?

☞ Congress has passed the bill to appropriate $1,000,000 for the relief of the starving people of the South, in spite of the efforts of Stevens, Butler, and the more satanic Radicals, to defeat it. Stevens's power in the House is evidently becoming weaker. A good sign—a sign for the good of the country.

☞ Henry Smith, residing on Broad street, above Wallace, was knocked down by two thieves on Ridge avenue, near Sixteenth street, while he was on his way home. He was robbed of his pocket-book, and was badly injured about the head.—*Philadelphia Press.*

That occurrence took place in "loyal" Philadelphia, hence it is only made the subject of a short paragraph. Had it occurred in Schuylkill or any other Democratic county, the Radical papers would have contained long and windy articles on it.

☞ Congressmen Glossbrenner and Koontz have our thanks for Congressional favors.

☞ The Governor has signed the new license act, published on our first page.

☞ York county has instructed for Hon. R. J. Fisher for Supreme Judge.

☞ Look out for the "April fool."

A SPRY OLD MAN.

The Washington correspondent of the Baltimore *Sun* says:

It is generally remarked that Hon. Thaddeus Stevens now appears to have much better health than immediately preceding his late pitiless confiscation speech. Then he was physically so exhausted that his speech had to be read by another, but having relieved himself of the venom of his heart, his energies seem to have become invigorated after the temporary but inconvenient martyrdom which he endured for the country's sake on that occasion. Since then he has been regularly in his seat in the House, not even the very bad weather of yesterday and to-day deterring him. He appears, too, to be remarkably brisk and spry for an elderly person, especially when he can find an opportunity to refer to the South in a bitter word, and to vote and use his influence among members to keep bread from the mouths of the starving people of that section. He has been especially active upon this subject, but in spite of his efforts the House passed the bill by a very decisive majority.

That looks much as if the rumor that Mr. Stevens feigned feebleness for dramatic effect was true. He is capable of almost anything.

CONFISCATION.

The Providence *Journal* (Rep.,) which has gone to great lengths in defending Radical men and measures, is compelled to say of Stevens' confiscation scheme:

"Considering that it was no outburst of passion, but was prepared in cold blood, by the oldest and most influential member of the House, it is the foreshadowing of a policy which should be carefully noted by the American people. The speech is able, clearly conceived and tersely expressed; but it is pervaded from beginning to end with that vindictive and remorseless spirit which is inseparably associated with Mr. Stevens' public character. He scouts the doctrine of forgiveness of injuries, and puts his own construction upon the parable of the Prodical Son. He would wholly obliterate everything like tenderness and mercy from our policy toward the people of the South.

"The bill has been postponed to December. But the very conception is appalling, and he must have an iron heart who could calmly sit down and deliberately work out its details of ruin and woe to some six millions of his fellow countrymen. It would convert the South into a desert and make its people beggars.—Should it pass, it would bring a reproach on the country which nothing could remove, and the hard and cruel spectacle that would be presented by its execution would of itself annihilate all that is generous and noble in American character. Heaven deliver us from such legislation as this which Mr. Stevens proposes."

WHEN ROGUES FALL OUT, &c.

Ben Butler, who was so nicely cut up by Bingham, a few days ago, and who retorted by charging Bingham with having hung an innocent woman (Mrs. Surratt,) again opened up on the 26th inst., reaffirming his belief in Mrs. Surratt's improper conviction. During his attack upon Bingham, he said that

"The Standing Committee had only been able to procure Wilkes Booth's diary after eighteen pages had been cut out, and that in those pages was recorded the preliminaries of the assassination conspiracy, &c., and that one of the last entries was a declaration of Booth, that, having failed five times in trying to escape over the Potomac, he would now return to Washington and clear up the whole matter."

Thus, one after another, facts leak out, convicting the Radical leaders of the most flagrant and terrible crimes. No country can long be ruled by such a horde of scoundrels as the Radical leaders convict themselves of being, and not crumble into ruin through very corruption.—*Patriot & Union.*

☞ The Radical demagogues are exceedingly anxious to rope Democratic and Conservative soldiers into their dark lantern concern sailing under the title of the "Grand Army of the Republic." The object of the organization is purely *political*, as was that of Know Nothingism. Read the following extract from a letter written by a responsible party to the Cincinnati *Enquirer*—a brave soldier who had been persuaded to join it. He says;

I was initiated into the Grand Army of the Republic Battalion. My initiation I will not speak of now, as it is too long. After initiation I was made acquainted with the following grip, password and signs. The grip is to look small fingers. The password is "McPherson." The sign is, "handle, tear and charge cartridge." If this is answered, you are to address the one who answers as follows:

Q. Were you in service?
A. I was.
Q. Are you yet?
A. I am.
Q. What battalion?
A. [He answers 1, 2, 3, as the case may be.]

After this I was appointed. The P. C. then addressed us in a few remarks, and we adjourned. When I entered, I was told that it was no political order. But the next night we met, and, after initiating a few, the following was moved:

"*Resolved*, That this encampment of the — Battalion G. A. R. hereafter will in no wise whatever encourage the professions or trades of men who are Democratic, and do all they can to discourage their business, and at all times throw their influence with the order or the members of the Union party."

I was then convinced that the order was political, and resolved to expose it. I have attended fourteen different lodges, and in each one found from five to twenty stand of arms—*to back Congress*, as the members said.

"To back up Congress!" in all its legislation for the negro, at the expense of the white soldier! It is hoped that, the *true object* of the concern being now thoroughly exposed, it will deceive no one.

☞ The complete returns from New Hampshire make a better show for the Democrats than the estimate given by us a few days since. Subjoined are the figures as compared with those of last year:

	Dem.	*Rep.*	*Maj.*
1866,	30,481	35,137	4,656
1867,	32,832	35,755	2,936

It appears from this table that the Democrats polled 2,352 more votes this year than they did last year, while the Republicans were able to add but 618 to their vote of 1866; or, in other words, the Democratic gain is 7 7-10 per cent., and the Republican gain only 1¾ per cent. —*World.*

☞ Mr. Noble, Independent Republican, has been elected Mayor of Erie over Mr. Cochran, regular Republican, by 848 majority. Mr. Cochran is the gentleman who endeavored to make a local popularity in the legislature a few years ago by the most shameless vituperation of the border people. It seems that defamation is not appreciated in Erie.—*Reporter.*

☞ Mr. Koontz, the member of Congress from this district, made a speech and voted in favor of the bill to relieve the destitute South.

—It is believed that Governor Brownlow, of Tennessee, cannot live much longer. His present nervous disorder grows more and more threatening.

—Gen. Frank Blair, of St. Louis, says he will appeal his suit concerning the right to impose test oaths to the Supreme Court of the United States.

—A *Herald* Special says: In Virginia, the order for disbanding military organizations has caused the disbandment of Hunnicutt's colored guards, at which Hunnicutt and the negroes are very much grieved.

—The Democrats were gloriously triumphant in the charter election at Burlington, Iowa, electing their candidate for Mayor by nearly 400 majority.

Radical Agitators at Work Among the Negroes.

CHARLESTON, S. C., March 20.—A mass meeting to ratify the Republican platform lately adopted by the Union League was held here to-day. From 4,000 to 5,000 negroes of both sexes were present.—Four white and several colored speakers addressed the meeting in speeches of a Radical character. Amongst the white speakers were United States Marshal Epping, and Solon Robinson, of the New York *Tribune*. The meeting was followed by negroes with a procession. To-night the negroes made several attacks on the street cars, and took possession of one of them, which is now guarded by the police. Much excitement prevails throughout the city, and there are apprehensions of further trouble.

CHARLESTON, March 27.—Two of the negroes concerned in the attack on street cars yesterday were arrested to-day and fined. They said they were incited to the misconduct by others and were partly intoxicated. All is quiet to-day.

☞ From almost all quarters of the State we have cheering news in regard to the spring elections. Whilst the Democrats have gained in many, the Radicals in few. The tide *is* turning! Courage, Democrats! Negroism, despotism and scoundrelism will yet break the Radical camel's back.

☞ The Hanover *Spectator* says that at the recent election in Conowago township, this county, "the Democratic vote was out to a man." From official returns filed in the Clerk's office here, we learn that the Democratic vote in that township last fall on Governor was 101—at the late election on Judge only 67. *We* said "the Democratic turn out (on the 15th) *was small*"—*the figures* say so too.

☞ The Radical who asserts that the Commissioners of this county appoint none but Democrats to township collectorships, must be *green*—or worse. No falsehood could be more stupid, because nine-tenths of the Radicals of the county know better themselves.

☞ Governor Geary has signed the bill, passed by the Legislature, requiring railroad companies to permit buck niggers to ride in Ladies' cars, and to occupy the same seats with white ladies! So we go. Next we suppose we shall have a law forbidding white ladies from rejecting proposals of marriage when coming from buck niggers!

NORTH AMERICA LIFE INSURANCE COMPANY.—*The only Company Issuing State Registered Policies in the United States.*—Among the many features in Life Insurance, none deserve a higher place than those now in force in the above Company. No registered policies can be issued by the Company unless the State is secured by ample deposits to cover each risk. The policy-holder is thus secured by the State. The Company has also adopted the world-wide policy system, placing no restriction on travel or occupation. All its policies are non-forfeiting. This Company is managed on sound business principles, and is meeting with deserved success. For further information call on H. C. Shuster, agent, at the Keystone House, Gettysburg.

HOWE'S SEWING MACHINES.—About twenty years ago, Mr. Elias Howe, Jr., discovered the principle which is still the basis of all Sewing Machines; and since that time (1845,) he has been constantly engaged in perfecting his Sewing Machine, and adapting it to all kinds of work, that he is now enabled to furnish a machine that is distinguished from all others by the simplicity, beauty and durability of its stitch, and which obtained the first prize in the International Exhibition in London in 1862. The Howe Machine Company, in Bridgeport, Connecticut, has been organized to manufacture these sewing machines, under the immediate supervision of Elias Howe, Jr., the original inventor. They are adapted to the sewing of the most delicate fabric, as well as the heaviest leathern work, and the seam that is made by them never rips or ravels. There are so many uses to which this excellent piece of mechanism can be put, that it is the interest of every family and manufacturer to make use of it.

Messrs. Sibley & Stoops, 922 Chestnut Street, Philadelphia, are the sole agents for Eastern Pennsylvania, New Jersey and Delaware. They offer a splendid chance to all who wish to establish agencies in the different counties and towns. All communications to this effect will receive prompt attention.

April 1. Item

☞ This changeable weather is very trying to health, particularly for such as are troubled with any pulmonary weakness. Even a little hoarseness may so irritate the lungs as to produce the most direful consequences. Coe's Cough Balsam cures hoarseness every time.

☞ Speaker Colfax did not lecture here on Friday evening, because of the non-adjournment of Congress.

☞ The State Legislature has resolved to adjourn on the 11th day of April. The best resolve of the session.

TOWN AND COUNTY AFFAIRS.

☞ Subscribers "moving" this spring are requested to inform us, immediately, of their new Post Offices—always giving the name of the old office also.

JUSTICES OF THE PEACE.—Persons who were elected to the office of Justice of the Peace, at the recent Spring election, are required by law to give *written notice* to the Prothonotary, within thirty days, of their acceptance of said office.

☞ Mr. P. H. Bentz, of York, expects to be in Gettysburg, on Monday of next week, to tune Pianos, &c. Persons wishing his services can leave word at the Post Office.

☞ Frederick Weimer, of Somerset, and Jeremiah Bowles, of Bedford, are now performing the duties respectively of Assessor and Collector for this Revenue District.

☞ Sheriff Hann has not had a real estate sale since he has been in office, and there is none in prospect. Our people must certainly be in easy circumstances.

☞ Emanuel G. Trostle has sold his property, in Cumberland township, to Moses C. Benner, for $2,400.

Peter Beitler has sold his house, on York steet, to Mrs. Irwin, at $1,800.

☞ Large stock of new Goods at Duphorn & Hoffman's. Prices greatly reduced. Call and see.

IMPROVEMENT AND REMOVAL.—Our next door neighbor, Dr. J. W. C. O'Neal, has handsomely improved his residence, and added a new office building, the whole tasteful and comfortable. The Doctor's ideas of comfort and convenience are always good, and he has carried them out very thoroughly in this improvement. He now occupies his new office rooms, where he can always be found unless engaged in visiting his numerous patients.

THE DAMAGE BILL.—The Border Damage Bill passed on second reading in the House, at Harrisburg, on Thursday evening, by a vote of 56 to 31. It appropriates $500,000, to be paid in instalments—ninety days, one and two years—and includes *eight* counties, viz; Adams, Franklin, Fulton, Bedford, Perry, York, Cumberland and Blair. The Governor is to appoint the Commissioners to take testimony, and claimants are required to take a "test oath" of loyalty.

M. E. APPOINTMENTS.—We notice the following among the appointments of the East Baltimore M. E. Conference, at Frederick, Md., on the 19th ult.: John H. C. Dosh, Presiding Elder for Frederick District; B. H. Crever, Presiding Elder for (this) Carlisle District. Gettysburg, G. W. Bouse, A. J. Bender, sup.; York Springs, J. M. Clarke, J. W. Feight; Hanover and New Oxford, J. A. Ross; Emmitsburg, J. Duey Moore, one to be suplied; Frostburg, G. W. Cooper; Shippensburg, W. A. Houck; Exeter Street Church, Baltimore, L. M. Gardner; Hereford, J. R. Cadden; Seamen's Union Bethel, Henry Slicer; Williamsburg, Wm. Guinn; Birmingham, George Warren; Northumberland, Wm. H. Dill; Whitehaven, H. G. Dill; Liberty Valley, M. L. Drum. S. L. M. Conser and S. A. Wilson transferred to the Baltimore Conference.

☞ Rev. Jacob Fry, Pastor of Trinity Lutheran Church, this city, was the recipient of a handsome donation of household goods, &c., to the amount of $600, from Mrs. Dr. Muhlenberg, Mrs. William Behm, Mrs. Graul, Mrs. Samuel Buch, and other lady members of his congregation.—*Reading Gazette.*

☞ On Wednesday week, an act passed the Senate of this State, extending the time for the payment of the enrollment tax on an Act to incorporate the Gettysburg and Chambersburg Railroad company, approved the 17th of April, 1866, and authorizing said road to make connections.

☞ On the question of passing the Central Railroad monopoly bill over Gov. Geary's veto, McConaughy voted YEA! Republicans who voted for the "bogus," how do you like that?

☞ The Littlestown election *hurts!* The "ring" Radicals are sore. Their plea now is, that "DR. Seiss electioneered against himself." That's a good one! Did Ephraim exercise his influence in the same disinterested way? It isn't fair to deny him a similar excuse, lame as it is.

DUTY OF TOWNSHIP AUDITORS.—It may not be generally known that a general law of the last session of the Legislature, approved April 11, 1866, requires the bounty accounts of every district to be carefully audited by the Township Auditors, who shall "prepare a condensed statement of the condition of these finances, and publish the same, at the cost of the district, for three successive weeks, in two papers." It not only requires this duty to be performed by the Township Auditors, but imposes a penalty of fifty dollars upon each Auditor who refuses to comply, one-half of which fine goes to the prosecutor, and the other half to the school fund of the district. It provides, also, that the Auditors shall notify the School Directors or other parties having the disbursement of the bounty funds, to appear before them at such times as the Auditors shall fix, for the purpose of enabling the Auditors to close up the bounty account of the township for the fiscal year.

ENLARGEMENT.—We have about concluded to ENLARGE the COMPILER—(but not its price.) There is only one obstacle in the way—the heavy cost of a new Power Press. This *must* be had, or the enlargement cannot be effected. But there is a mode of reaching it, and that not a difficult one.

We have outstanding a considerable amount of money. With that in our pocket, the new Press could be bought—(it can be had only for *the cash*)—and the COMPILER would soon appear as one of the largest country papers in the State.

Come up, then, friends in arrears, to the work! Do so promptly—NOW—without a moment's unnecessary delay.—Send in all you owe, with a little in advance, and as many new subscribers, with $2 for each, as possible. Just place the requisite amount in our hands, and beside having credit on our books, it shall all be spent for your benefit—in getting up a first class paper, in size as well as quality. Give us "A LIFT," fellow Democrats, and we shall certainly succeed. But it must be done *at once*, and by *all* in arrears.

LETTER FROM HARRISBURG.

HARRISBURG, March 27, 1867.

Editor of Compiler.—Absence from this vicinity prevented me from giving you a letter in time for last week's *Compiler*. Since my return I have paid a little more attention to the "commissions and omissions" of our so-called "*Loyal*" Legislature. If my memory serves me faithfully, I told you in a previous communication that if one-half of what Stevens, Forney, McClure, and a host of other equally *loyal* Republicans, said of their friends in the Legislature, they would do the country service if they would go home at once, or had never organized. I am now about thinking, from what I can learn, that if these worthy lights of negro equality ever told the truth on political matters, it was on this occasion; for a more corrupt set of politicians—I do not consider them in the light of *Legislators*—never assembled to do legislation in any country and in any age. This you no doubt think is saying a great deal, and so it is; but I firmly believe it is not saying more than the truth. Why, go into the rotunda and remain there a while, and all you hear is about *money* in connection with this or that *bill*.

Your Damage Bill was reported by the Committee on Friday last, and was made the special order for to morrow evening. I have had a conversation with one of your members as to his views on the probable success of the bill. He considers it very doubtful, on account of the extraordinary high amounts asked for by the General Appropriation bill. But I think he is mistaken as to the cause of the defeat, if it should be defeated.

We gained a great triumph at our city election on Friday week, electing all but three out of the many municipal officers. Governor Geary attempted to vote, but was politely told by our Democratic boys that he had no right to vote here. Every school boy knew that Governor Geary was not entitled to a vote here then, and the Governor and his friends must acknowledge that he was either extremely ignorant of the laws or equally corrupt. He had no right to a vote, not having been assessed nor having paid the requisite tax.

The bill compelling Railroad conductors and others to take in negroes in any and all the cars at all times and under all circumstances, is now a law. It passed the House by the gag-law, or the previous question. This cut off all debate and all amendments.

The bill leaving it to a vote of the citizens of Philadelphia whether the street cars should run on Sundays, was defeated in the Senate—it had passed the House previously. Considerable excitement was manifested on account of this bill. The Conference of the M. E. church was in session here when the vote in the Senate was taken, and it is thought their influence had some weight in the matter. Something like three hundred preachers, I was told, were in attendance. Much of their discussion upon various topics that came before the Conference, savored of politics; probably as much as that of true religion.

The joint resolution setting the 11th day of April for a final ajournment of the Legislature passed both Houses and was signed by the Governor. This, I presume, fixes the day positively. It is a good thing for the people, there is not the least doubt; but it is bad for us poor Harrisburgers. The Legislatures since Republicanism rules, have been quite prolific harvests for our citizens; all classes, good, *bad* and indifferent, having been vastly benefited by them.

I was told the committee of Ways and Means have reported in their General Appropriation bill, the salary of a member at $1,500, and raised the salaries of the other officers of the Legislature in proportion. You no doubt think this too high, but you must bear in mind that many of the "all the morality" members have enormous *outside* expenses to keep up their "jolly good time."

SOJOURNER.

A Young Lady

returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. A piece of a coarse, rustic, flushed face, she had a soft pure complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. Any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. While in a trance, she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomotrope, guarantees to produce a life-like picture of the future husband or wife, of the applicant, together with date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can assert. She will send when desired a certificate, or written guarantee, that the picture is what it purports to be. Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove, as this has, of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints;

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, &c.

Syphilis or Venereal Disease is expelled from the system by the prolonged use of this Sarsaparilla, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this Extract of Sarsaparilla.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used AYER'S—then, and not till then, will you know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agent below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn from Disordered Stomach, Pain, or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Children's Lives Saved for 50 Cents.

Thousands of Children die annually of Croup. Now, mothers, if you would spend 50 cents, and always have a bottle of Dr. Tobias' Venetian Liniment in the house, you need never fear losing your little one when attacked with this complaint. It is now 19 years since I have put up my Liniment, and never heard of a child dying of Croup when my Liniment was used; but hundreds of cases of cures have been reported to me, and many state if it was $10 per bottle they would not be without it. Besides which, it is a certain cure for Cuts, Burns, Headache, Toothache, Sore Throats, Swellings, Mumps, Colic, Diarrhœa, Dysentery, Spasms, Old sores, and pains in the back and chest. No one once tries it who is ever without it. It is warranted perfectly safe to take internally. Full Directions with every bottle. Sold by the Druggists. Depot, 56 Courtlandt Street, New York. Allcock's Porous Plasters.

Hartford, Conn., Nov. 11, 1864.

Messrs. THOS. ALLCOCK & Co.—Please send, with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing a man applies for one, who, by entanglement in the belt of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single Plaster if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them rendered them greatly superior to all others for ordinary surgical uses. Knowing the plasters to be so useful, I have no scruples that my sentiments should be known. J. W. JOHNSON, M. D.

A Card to the Ladies,

DR. DUPONCO'S GOLDEN PERIODICAL PILLS FOR FEMALES. Infallible in correcting Irregularities, Removing Obstructions of the Monthly Turns, from whatever Cause, and always Successful as a Preventive.

It is now over thirty years since the above celebrated Pills were first discovered by Dr. DUPONCO, of Paris, during which time they have been extensively and successfully used in most of the public institutions, as well as in private practice, of both hemispheres, with unparalleled success, in every case, and it is only at the "urgent request" of the thousands of ladies who have used them, that he is induced to make the Pills public for the alleviation of those suffering from any irregularities whatever, as well as to prevent an increase of family where health will not permit it.

ONE PILL IS A DOSE.

Females peculiarly situated, or those supposing themselves so, are cautioned against using these Pills while in that condition lest they "invite miscarriage," after which admonition, the Proprietor assumes no responsibility, although their mildness will prevent any mischief to health, otherwise the Pills are recommended as a MOST INVALUABLE REMEDY for all those afflicting complaints so peculiar to these.

ONE BOX IS SUFFICIENT.

10,000 Boxes have been sold within Two Years. Ten Thousand Boxes sent by Mail, both by myself and Agents, to all parts of the world, to which answers have been returned, in which ladies say, nothing like the above Pills have been known since the Science of Medicine dawned upon the world, in Removing Obstructions and Restoring Nature to its Proper Channel, Quieting the Nerves, and bringing back the "Rosy color of Health" to the cheek of the most delicate.

Price $1 per Box. Six Boxes $5.

To the Family of Mankind.

The most reliable purgative in the world; warranted to effect a positive cure; free from minerals and quackish stuff; differ from all other cathartics—as it is effectual, followed by no cramps, no pain. The Pills purify the Blood, regenerate the whole system, by purging mildly from the Stomach, Liver, Bowels, Kidneys, and other secretions, all distressing and dangerous elements, and so regulate the system with new life and blood, as to engender no fear or apprehension of a sudden relapse or reappearance of many of the cutaneous disorders which interline the stomach. As a speedy, yet careful and cautious Corrector and Regulator of the Liver, when its torpid state obstructs digestion, and as a life-saver against sudden attacks of epidemics and contagious diseases, Radway's Regulating Pills are unequalled in the science of medicine. In cases of severe Dyspepsia, of Indigestion, Fevers, Inflammation of the Bowels, Dull Pains, Heartburn, &c., they are warranted to effect a cure. Being covered with sweet gum, they are tasteless, and have no smell. They are generally used throughout the family of mankind.

Sold by Druggists. Price 25 cents per box.

CONSUMPTION CURABLE BY DR. SCHENCK'S MEDICINES.

TO CURE CONSUMPTION, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for food who seems food, which, by those medicines will be digested properly, and good healthy blood made; thus building up the constitution. SCHENCK'S MANDRAKE PILLS clear out the stomach of all bilious or mucous accumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored.

SCHENCK'S PULMONIC SYRUP is nutritious as well as medicinal, and, by using the three remedies all impurities are expelled from the system, and good, wholesome blood made, which will repel disease. Patients will take those medicines according to directions. Consumption very frequently is the result of neglect or inability to raise. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhœa the pills are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation. Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the rooms as much as possible, eat all the richest food—at most, game, and, in fact, anything the hypocrite craves; but be particular and masticate well.

THE

HOWE SEWING MACHINES.

FOR FAMILIES AND MANUFACTURERS.

THE HOWE SEWING MACHINE

THESE WORLD-RENOWNED SEWING MACHINES

Are celebrated for doing the best work, using a much smaller needle for the same thread than any other machine, and by the introduction of the most approved machinery, we are now able to supply the very best machine in the world. These machines are made under the immediate supervision of the President of the Company, ELIAS HOWE Jr., the original inventor of the Sewing Machine. They are adapted to all kinds of Family Sewing, and to the use of Seamstresses, Dress-Makers, Tailors, Manufacturers of Shirts, Collars, Skirts, Cloaks, Manillas, Clothing, Hats Caps, Corsets, Boots, Shoes, Harness, Saddles, Linen Goods, etc. They work equally well upon silk, linen, woollen and cotton goods, with silk, cotton or linen thread. They will seam, quilt, gather, hem, fell, cord, braid, bind, and perform every species of sewing, making a beautiful and perfect stitch, alike on both sides of the articles sewed. On Shoe and Leather work it is admitted to have no equal.

THE QUALITIES WHICH RECOMMEND THEM ARE:

1. Beauty and Excellence of Stitch, alike on both sides of the fabric sewed.

2. Strength, Firmness and Durability of Seam that will not Rip or Ravel

3. Economy of Thread.

4. Attachments and wide range of application to purposes and materials.

The stitch invented by Mr. HOWE, and made on this Machine, is the most popular and durable, and all Sewing Machines are subject to the principle invented by him.

☞ Observe the Medallion Head of ELIAS HOWE, Jr. imbedded in each Machine, without which none are genuine.

One Cent Saved
IS WORTH TWO EARNED.

MONEY-SAVING people, do not pay out hundreds of dollars for BROOMS, when you can make enough in one evening to last you a year, which will suit you better than the best you can buy at any place.

This you can do, I will warrant it, if you will buy O. W. KELLOGG'S PATENT, which will cost you but a trifle, and will last you your life time. Then no further expense for Brooms. It is not made of material which is liable to break; nor does it fasten with screws. It is in no way liable to catch or tear a person's clothes, or mar furniture.

It is neither too heavy, nor too light. It is less complicated, less labor to make, and costs less than any other, and it sweeps more gracefully.

All who have used it will recommend it as highly as myself. Samples can be seen at any of the Printing Offices in Gettysburg, or at the Keystone House; and at John A. Snowden's, in New Chester, who has purchased territory, and is prepared to sell family or township rights to the citizens of Straban, Tyrone and Huntington townships.

Family, township or county rights can be secured by calling on the undersigned, at I. B. Houser's Hotel, in New Oxford, or if you wait, you can purchase for your families as the agent comes round.

When planting time comes, just plant a little Broom Corn Seed and be prepared to make your own Brooms, for the agent will teach you in a few minutes, so that you can make as good a broom as any one.

Drainage Pipes.

THE undersigned has now on hand, and continues to manufacture, large quantities of EARTHEN DRAINAGE PIPES, which he offers at 8 cents per foot at the manufactory. If desired, he will lay the pipes, either water-tight or loose-jointed, at a reasonable compensation. They have been tried in different parts of the county, with entire success. For the drainage of cellars, &c., nothing better can be used. Specimens may be seen at Kalbfleisch's store, in Gettysburg.

The manufactory is in Oxford township, near Lilly's mill. Post Office address, New Oxford, Adams county, Pa.

Brinkerhoff's

CORN SHELLER, SEPARATOR AND CLEANER.

The undersigned would inform the Agricultural public that he has purchased from the Patentee of this extraordinary machine, the Patent Right for the States of Pennsylvania and Maryland.

Brinkerhoff's Corn Sheller, Separator and Cleaner, is pronounced the best machine of the kind in this country. And in proof, it may be mentioned that the "Advisory Committee appointed to select Implements for exhibition at the Universal Exposition in Paris, in 1867, have selected this Sheller as the best in America," and at the request of J. C. Derby, U. S. Agent, a machine has been shipped to Paris for exhibition.

The fact may also be stated that at the great trial of Agricultural Implements, at Auburn, N. Y., in July last, under the auspices of the New York State Agricultural Society, the Brinkerhoff Corn Sheller, Separator and Cleaner was reported by one of the most competent Committees as the best Corn Sheller out. They say, "We have carefully examined and thoroughly tested this machine, and have no hesitation in pronouncing it *the best Corn Sheller we ever saw.*" The report is signed by such men as John Stanton Gould, President N. Y. State Agricultural Society; B P. Johnson, Secretary to same; Solon Robinson, Agricultural Editor N. Y. Tribune; S. Edwards Todd, Agricultural Editor N. Y. Times.

From among many complimentary newspaper notices, the following, from the New York *Observer*, is deemed sufficient:

"Among all the Hand Corn Shellers made in New York and Albany—and one single firm manufactures more than 10,000 annually—not one can enter the circle with the Sheller just invented by J. Brinkerhoff, Auburn, New York. It shells, separates and cleanses, rapidly and easily, at one operation, as fast as the ears can be put into the hopper."

The undersigned is now prepared to dispose of COUNTY RIGHTS. He will have SHELLERS ready for sale in the course of a month's time.

"EMAIL DE PARIS,"

THE NEW

Beautifier of the Skin,

TESTIMONIALS FROM CELEBRATED LADIES.

This secret of beautifying the skin being known only to Messrs. Jared & Rene, they honorably state that it differs *from* all other preparations. It gives to the most harsh and freckled skin both the texture and color of *polished Ivory*, removing all discolorations, whether appearing as freckles, tan, morphew, moth or blackworm specks, and is especially successful in smoothing out the marks left by the smallpox.

The agents of "L'Email de Paris" most confidently submit to the public the earnest endorsements of such distinguished ladies as

Signora RISTORI,
Mdlle FELICITA VESTVALI,
Miss MAGGIE MITCHELL,
Mrs. D. P. BOWERS,
LUCILLE WESTERN,
Madame PONISI,
Mrs. EMMA WALLER,
LUCY RUSHTON,
NOEMIE DE MARGUERITTES,
Miss A. PERRY,

and many others, whose high standing in the profession gives the stamp of truthfulness to their intelligent and genuine approval.

The beautiful Lucille Western says:

"I find that the 'Email' produces all the brilliancy of rouge and lily-white, with the great and peculiar advantage of total harmlessness. It really adds to the softness and beauty of the skin."

The magnificent Vestvali says:

"I have suffered so much from the various white lotions, &c., which my theatrical profession obliges me to use, that I consider it a perfect benefaction to find a preparation which gives the necessary whiteness to the skin, and leaves the skin cool and smooth."

Miss Maggie Mitchell says:

"I have tried the skin beautifier, 'L'Email de Paris,' and found that it instantly imparts a natural bloom and freshness to the complexion."

"Jared's Email de Paris" is used as a delicate beautifier of the skin for Theatre, Saloon or Ball Room, by the most refined and scrupulous ladies, producing all the beautifying effects of rouge and lily-white, without their vulgar glare or injury to the skin.

THE

PERUVIAN SYRUP

IS A PROTECTED SOLUTION OF THE

Protoxide of Iron,

a new discovery in medicine which STRIKES AT THE ROOT OF DISEASE, by supplying the Blood with its VITAL PRINCIPLE, OR LIFE ELEMENT—IRON.

This is the secret of the wonderful success of this remedy in curing

DYSPEPSIA, LIVER COMPLAINT, DROPSY, CHRONIC DIARRHŒA, BOILS, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Disease of the Kidneys and Bladder, Female Complaints, and all diseases originating in A BAD STATE OF THE BLOOD, or accompanied by DEBILITY, or A LOW STATE OF THE SYSTEM.

Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an IRON CONSTITUTION.

DYSPEPSIA AND DEBILITY.

From the Venerable Archdeacon Scott, D. D.

DUNHAM, Canada East, March 24, 1865.

* * * "I am an inveterate Dyspeptic of more than 25 years' standing."

* * * "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change. I am widely known, and can but recommend to others that which has done so much for me."

One of the most DISTINGUISHED JURISTS in New England writes to a friend as follows:

"I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made a NEW MAN of me; infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years."

An EMINENT DIVINE of Boston, says:

"I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."

☞THOUSANDS have been changed by the use of this remedy; from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

A pamphlet of 32 pages, containing certificates of cures and recommendations from some of the most eminent physicians, clergymen, and others, will be sent FREE to any address.

Dear Sirs:—Having realised in my family important benefits from the use of your valuable preparation—WISTAR'S BALSAM OF WILD CHERRY—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. AGENTS AND DEALERS IN

PIANOS AND CABINET ORGANS,

MELODEONS,

AND ALL KINDS OF

MUSICAL INSTRUMENTS,

respectfully inform the public that they are prepared to furnish Pianos of the following manufacture or of any other make that may be preferred:

Albright, Reiken & Schmidt,
Chickering & Son, Bradbury,
Knabe & Son, Gale & Son,

ESTEY'S CELEBRATED

COTTAGE, HARMONIC AND BOUDOIR

ORGANS AND MELODEONS.

These Instruments stand unrivalled by any thing found in this Country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounce them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severe scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life-time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

☞BRASS BANDS supplied with instruments and music at reasonable terms.

A liberal discount allowed for Churches and Sabbath Schools.

☞Instructions given both in Vocal and Instrumental Music, at our rooms, and at pupils' homes, either to individuals or classes, on reasonable terms.

Teas! Teas!

TEAS FOR THE PEOPLE. No More Enormous Profits for Consumers to pay. Fifty Cents to One Dollar per Pound Saved by buying your Teas direct from the Importers.

T. Y. Kelley & Co., Importers of Teas, in connection with their large wholesale business, have determined to introduce their Teas directly to consumers at importers' prices, thus effecting a saving to the consumer of 40 to 60 per cent. Families can now club together for any kind or qualities of Teas, in packages of one pound and upwards, and we will send them a superior article of Tea at 5 per cent. above the cost of importation. Let some energetic lady or other person in each neighborhood call upon her acquaintances and take their orders for any of the following named Teas, and when a club of ten, twenty, or more is obtained, send to us and we will send the Teas put up in separate packages, with the name of each person marked on it, all enclosed in one box. As a *further inducement* to the person getting up the club we will send for his or her services, an extra complimentary package on all orders of $30 and upward. It is perhaps not well understood *why* we can sell Teas so very low; but when it is taken into consideration that besides the original cost of importation, the Broker, Speculator, Jobber, Wholesale Dealer and Retailer, has each to reap a large profit, and the innumerable Cartages, Cooperages, Insurances, Storages, &c., which Teas have to pass through before they reach the consumer, will readily explain this. We propose to do away with seven-eighths of these profits and expenses, and it now remains with the *people* to say whether they shall save 50 cents to $1 00 per pound on every pound of Tea they purchase, or be compelled to give their earnings to a host of useless go-betweens.
